## BERKHEIMER TO HEAD CANTEEN; NEED SUPPORT

Robert E. Berkheimer, manager of the Gettysburg Throwing Company, was elected chairman of the Youth Center committee to succeed Henry T. Bream who has served in that capacity for two years and who declined re-election.

Mr. Berkheimer was elected chairman by the committee, which was increased from six to nine members, following a community meeting in the Teen Canteen Monday night.

The community meeting was called by Chairman Bream to learn the consensus of town opinion relative to the future of the Canteen. More than fifty representative citizens attended and voiced unanimous support for the continuance of the Youth Center with the expressed hope that it will be made a larger and permanent institution in town, financially supported by the town council or some other agency with a full-time supervising head with sufficient assistants to staff the center throughout the year.

**\$137.50 Balance**  
Mr. Bream outlined the history and operation of the Canteen during the past two years and recommended that the center be made permanent on a sound financial basis.

Paul A. Kinsey presented a financial report showing expenditures of \$226.02 for alterations and additions; \$108.01 for miscellaneous supplies, labor, cleaning, supervision, etc.; and \$811.99 for rent, light, heat, water, etc., totaling \$1146.02. There is a balance of \$137.50.

Mr. Kinsey said that the Canteen will cost approximately the same, if not more, during the next year as it did last year and urged its continuance for the youth of the community. He announced that he could not continue to serve as treasurer but was prevailed upon to continue as a committee member as did Mr. Bream.

Other members of the committee who were re-elected are Dr. Dwight P. Putnam, Mrs. Mary Ramer Eberhart, Mrs. Glenn L. Bream and Mrs. Lester Scott.

**Elected New Members**  
New members elected include: Mrs. Henrietta Blocher, Mr. Berkheimer and Rev. Floyd A. Carroll. Mrs. Blocher was elected treasurer and Mrs. Scott was named secretary.

Dr. Lloyd C. Keefe, superintendent of schools, said that a half-million tax in Gettysburg would raise \$1,500 which would operate the canteen for a year and that this was equivalent to paying for three youths in a reformatory. "If we can save only three youths we have done a job," he said.

The consensus of opinion at the meeting was that the canteen should be made a community affair and that the expenses should be raised through other means than by popular subscription.

John Warner donated a "juke" box to the canteen.

## RED CROSS TO HELP VETERANS GATHER STAMPS

An appeal for cancelled postage stamps to be sent to veterans at the Coatesville veterans' hospital was directed today to Adams county school children by Mrs. Joseph E. Codori, county secretary of the Junior Red Cross.

"A great many of the veterans at the Coatesville hospital have become interested in stamp collecting, and will appreciate all contributions of cancelled stamps," Mrs. Codori said. The aid of teachers was also sought. The stamps may be sent to Mrs. Codori for transmission to Coatesville.

Mrs. Codori also called attention of the school teachers of Adams county to the fact that educational boxes for shipment to children of foreign countries have been received here, and are ready to be delivered to those who will notify Mrs. Codori of their desire to fill them. They must be returned by April 1.

## Borough Police Nab Motorists Sunday

A ten-day notice was mailed today by Justice of the Peace John H. Basehore to Ralph C. Bream, New Oxford R. 1, charging him with driving too fast for road conditions in Center Square Sunday night. The information was filed by Borough Police Officer Albert Wolford.

Officer Wolford also charged David Plank, Jr., York and Liberty streets, with driving too fast for road conditions on Baltimore street Sunday night, and a notice was mailed by Squire Basehore.

## Two Homes Tagged For Scarlet Fever

Two more Adams county homes were placed under scarlet fever quarantine Monday afternoon by William I. Shields, state sanitary officer for Adams county.

The home of Mr. and Mrs. Martin Walter, Biglerville R. 1, Butler township, was placarded because of the illness of 13-year-old Daniel Walter, a Biglerville high school student.

The home of Mr. and Mrs. Paul Kimple, Orrtanna R. 2, Franklin township, also was tagged. A six-year-old son, Robert, a pupil at Strausbaugh's school, is ill.

## 6 SEMINARIANS WILL RECEIVE DEGREES FRIDAY

Six students will receive their bachelor of divinity degrees from the Lutheran Theological seminary of Gettysburg Friday evening at 7:30 o'clock in the Church of the Abiding Presence on the seminary campus, it was announced today.

The February graduation exercises are part of the speeded up program of the seminary started during the early part of the war in order to provide the nation with much needed ministers and chaplains.

Dr. Harvey D. Hoover, of the seminary faculty, will confer the degrees to the graduates in the absence of Dr. Abdel Ross Wentz, president of the seminary, who is in Geneva attending a world church conference.

### Two To Be Licensed

Dr. Ralph D. Helm will present the graduates who include Klaus Heymann Schaeffer, Gettysburg; Robert Warren Koons, Harrisburg; Alvin Frederick Messersmith, Buffalo; William George Rappold, Brooklyn, N. Y.; John Robert Spangler, Park Ridge, Ill., and Herman Gustav Stuempfle, Jr., Hughesville.

Graduates Koons and Stuempfle will be licensed by the Central Pennsylvania Synod of the United Lutheran Church in America by the synodical president, the Rev. Dr. Mervin Roy Hamsher, immediately after receiving their diplomas.

The graduation address on "The Ministry, The Glory of Christ," will be delivered by the Rev. Dr. Herbert Christian Allemen.

Scheduled to open the exercises is a prelude, "Benedictus," by Reger and "Our Father," Bach, played by John E. Sanderson. A hymn, "O Holy Spirit Enter In," versicle, psalm, gloria patri, lessons, a hymn, "O God of Mercy," canticle, prayer and another hymn will precede the address by Doctor Allemen. A hymn, "O Spirit of the Living God," will precede the conferring of degrees, and another hymn "A Charge To Keep Have It" will follow, after which Doctor Hamsher will license the candidates.

## Mrs. John Walters Breaks Hip In Fall

Mrs. John Walters, 334 Baltimore street, was admitted to the Warner hospital today in the ambulance following a fall at her home this morning at 10 o'clock which resulted in a fracture of her left hip.

Other admissions included Mrs. Ruth Spangler, Littlestown; Grace Jeffcoat, 237 York street; Mrs. Edwin Schlosser, Arendtsville; John Richardson, Fairfield, and Mrs. Henry Haracher, East Berlin R. 1. Jesse Speight, Biglerville R. 1, has been discharged.

## MEDALS GIVEN NINE MEN FOR DRAFT SERVICE

Nine Adams countians Monday night were awarded medals at Harrisburg for their work during the past five years as part of the state's Selective Service system.

The draft board members and government appeal agents from throughout the state who, together with Governor Martin, received the medals for "faithful and loyal service" Monday at five meetings throughout the state. The county men were presented their medals by Governor Martin at the Harrisburg meeting. The other meetings were held in Philadelphia, Pittsburgh, Erie and Scranton.

Countians receiving the award were M. E. Knouse, Arendtsville, chairman of the Gettysburg selective service board; John C. Bream, and Dr. R. D. Wickerham, members

W. J. YINGLING

of the Gettysburg board; Attorney Eugene V. Bullett, government appeal agent of the Gettysburg board; William J. Yingling, Lawrence P. Hoover and Albert Weaver, members of the New Oxford board and Attorneys Richard A. Brown and J. Francis Yake, Jr., who have served as appeal agents for the New Oxford board. Mr. Bullett was not present to receive his medal.

**Mr. Yingling's Record**  
Mr. Yingling, chairman of the New Oxford board, has the unusual record of never having missed a meeting of his board since its organization. That record is unequalled by other draft board members in this area. It could not be learned today whether there are others in the state with a perfect attendance record.

## \$2,000 DAMAGE IN TRUCK CRASH

No one was injured and damage amounted to \$2,000 when an American Stores' truck and a coal truck collided Monday afternoon at 5 o'clock, three miles north of York Springs on the Harrisburg road.

Ellwood Allen Bailey, 32, Baltimore, driver of the American Stores' truck, paid a fine and costs on a charge of reckless driving brought following the accident by a member of the local sub-station of the state police who investigated. The charge was laid before Justice of the Peace Charles R. Angell, Franklin township, York county.

Bailey, according to state police, was driving slowly and came around a curve. Then he saw a car and a bicycle moving slowly and to avoid hitting them Bailey swerved his truck, sideswiping a truck driven by Roy Franklin Steger, Spring Glen, Pa., who was driving north. Both trucks ran off the road after the collision.

The local state police also made two other arrests with Kenneth Tuttle, Norristown, paying a fine and costs on a charge of driving without a current inspection sticker before Justice Claude Straley, New Oxford. C. A. Clabaugh, Gettysburg, will be sent a 10-day notice by Justice of the Peace Leo Storm, Bonneville, on a charge of improper parking on the highway brought against him by a member of the state police.

### HOME ON LEAVE

First Lt. Donald W. Rohrbach, son of Mr. and Mrs. Paul M. Rohrbach, Steinwehr avenue, is home on terminal leave after three years of service with the U. S. Air Force. Lieutenant Rohrbach, whose leave ended April 5, was a supply officer at an army air field in Los Angeles. He received his commission after completing officer candidate training in Florida, Texas and Georgia.

## Granted Right To Operate Bus Route

The Public Utility Commission Monday announced that the right to operate a bus service between Gardners and Carlisle, has been granted to Jay W. Bringman, of Gettysburg.

The bus route begins in Gardners Station, then proceeds over Route 34 through Idaville, Adams county, and Goodyear and Mt. Holly Springs, Cumberland county, to Carlisle. The Commission stated that Bringman proposes to operate two buses, one with a seating capacity of 32 persons, and the other with a seating capacity of 28 persons.

## SOROPTIMISTS FAVOR PRESENT JAIL LOCATION

The Soroptimist Club of Gettysburg went on record Monday night as favoring the retention of the Adams County jail on its present site, and the construction of public comfort stations in town.

The club met at the Hotel Eberhart with Mrs. Guyon E. Buehler presiding as president.

Mrs. Elizabeth Hennig, reporting for the Civic committee, recommended the retention of the present jail site and the erection of public comfort stations and both were adopted by club members.

Since its inception the Club has been interested in the matter of comfort stations for Gettysburg and a number of years ago made a written request to authorities that the matter be studied. They voted Monday night to express again their willingness to cooperate with other groups in doing "something about this community need."

### Soroptimist Dinner

**Do you know why there is a shortage of butter?**  
Here's an explanation from the United States Department of Agriculture:

The public may have butter if it is willing to drink less milk and eat less ice cream. There is not enough milk for table use, ice cream and butter too. In the winter when cows are not stimulated to peak production by succulent pastures, milk gets scarce. When spring comes and new vegetation arrives the trend changes.

Letters of administration on the estate of Cyril L. Miller, Gettysburg, who died February 12, have been issued to the widow, Mrs. Elsie M. Miller.

## Philadelphia Phone Girls Strike; Nation Threatened

(By The Associated Press)  
New Labor disputes today threatened disruption of the nation's telephone service, both local and long distance.

In Philadelphia, 1,000 operators left their jobs, virtually halting long distance service to and from the city and a nationwide sympathy walkout was threatened if the dispute was not "settled within 24 hours."

In Memphis, Tenn., Joseph A. Beltrame, president of the National Federation of Telephone Workers, said a majority of the 50 independent unions comprising the NFWA favored a strike of its claimed 250,000 members in support of demands for increased wages.

A vote on whether to strike, which would cripple local service in 21 states as well as tie up long distance service nationally, probably will be taken today, a union spokesman said.

The troubles in the telephone industry came as the country's most crippling strike—a four week walkout of 750,000 CIO teleworkers—was drawing to a close. More than half of the strikers had been ordered back to their jobs as companies accepted the agreement with the CIO-USW to increase wages 18 1/2 cents an hour. However, the return to work was expected to be gradual with normal operations not expected until next month.

The return to work cut the nation's idle because of labor disputes to approximately 1,050,000, the lowest total in a month.

## SCHOOL PUPILS SING AND PLAY FOR LIONS CLUB

Twenty-six boys and girls from the Gettysburg public schools entertained the members of the local Lions club with vocal and instrumental selections at the weekly dinner meeting of the service club members Monday evening at Marjines restaurant.

The members by the school children followed a brief review of the history of music, especially public school music, by Richard B. Shade, supervisor of music in the public schools here.

Dating the beginnings of music at about 3,500 B. C., Mr. Shade declared it has been developed through the ages to the point where it has no equal as a medium for the expression of man's emotions. Indicating contributions made to music's development by various ancient civilizations, Professor Shade emphasized the importance of the contribution of the "singing school" in early America in the development of modern music.

### Music's Role Today

Public school music was started experimentally in a Boston school in 1838, he said, and was an immediate success. It has developed to the point to where high school orchestras now can play symphonies and with the teaching of music being given an important role in the development of physical, moral and intellectual sides of pupils' lives.

The music supervisor described the musical training given pupils in the lower grades here and then presented the student groups who sang and played one-, two-, three- and four-part music.

These sixth grade girls sang (Please turn to Page 2)

## \$16,049 REPAID TO STATE ON '45 "RELIEF" FUNDS

The state was reimbursed to the extent of \$16,049 during 1945 for public assistance funds distributed in Adams county, it was disclosed today following the regular February meeting of the Adams county Board of Public Assistance Monday evening.

The amount recovered by the state represents six to seven per cent of the total amount paid out during the year. It is several thousand dollars less than the average amount expended monthly for all types of assistance here last year, a board spokesman said.

The reimbursements came chiefly from the estates of former relief recipients, it was explained. The money was collected in accordance with agreements signed by the former relief recipients at the time their names went on the assistance lists. In no case did it represent money obtained through fraud or any type of dishonesty. There was an additional \$400 restored to the state coffers that was collected from persons who had received checks through error or at times when they were not qualified for the checks.

### Miss Waltemyer Elected

At Monday's meeting Miss Grace Waltemyer, daughter of Dr. and Mrs. W. C. Waltemyer, Springs avenue, was elected as the fourth member of the staff of visitors for the county assistance office. She fills a long-standing vacancy and completes the staff needed for present relief requirements. Miss Waltemyer is a substitute teacher in the Biglerville schools. She will begin her new duties next Monday.

The monthly report on the case load by Mrs. Verna Myers, executive director, disclosed there are 12 more cases on the rolls than on the comparable date last year. There are now 455 old age assistance cases; 79 blind pensions; 92 of aid to dependent children, and 57 general assistance cases.

Mr. Stuart Danner of East Berlin was re-elected board chairman at the annual re-organization meeting. J. D. Miller, Biglerville, was elected vice chairman to succeed Mrs. Mary McClean, and Mrs. R. S. Saby was re-named secretary.

Messrs. Miller and Danner and Mrs. Saby were listed as board representatives to an inter-county meeting of boards and executive directors to be held in Harrisburg in April.

The next meeting of the county board will be held March 11. Those present Monday were Chairman Danner, Mrs. Saby, J. D. Miller, J. H. Beard and H. H. Reuning.

## LENTZ POST HAS 926 MEMBERS

Forty-three new members were received into the American Legion Monday evening at its regular meeting in the Legion home bringing to 926 the number of members so far.

The Legionnaires donated \$5 to the Blue and Gray Band and \$5 to the YWCA and then voted to authorize the house committee headed by C. Arthur Brame, Sr., to secure a second steward for the establishment. The largely increased membership and the larger number of members using the Legion home were given as reasons for the increase in work which has made the employment of a second steward necessary.

The car committee announced that the interest in the annual car program held by the Legion is the greatest in the history of the organization. The dance at which the car winner will be announced is scheduled for February 22 at the Hotel Gettysburg.

One hundred members attended the session at which Commander Wilbur A. Geiselman presided.

## Chaplain Stonesifer Has Been Discharged

Capt. Donald Stonesifer, who was recently discharged from the U. S. Army, is spending some time with his wife and two children, Craig Alan and Donald, Jr., at the home of his parents, Mr. and Mrs. Robert W. Stonesifer, Hanover.

He was a chaplain with the 106th Infantry Division and served overseas in England, France and Germany where he was made a prisoner of the Germans at St. Vith in the Battle of the Bulge. After his return to the United States he was a chaplain of the Third Service Command at Edgewood Arsenal and was discharged from Fort George E. Meade, Md.

He is a Gettysburg seminary graduate.

### SUES FOR DIVORCE

Iris W. Pyles, Littlestown R. 1, has filed a suit for divorce from Bertha M. Pyles, Penn township, York county, in York.

## Eleven Discharged By Armed Forces

Included among those discharged from the army at Indiantown Gap on Monday were Sgt. John R. Leer, York Springs R. 1; Cpl. Herbert B. Groft, 13 Main street, McSherrystown; S/Sgt. Warren H. Wisotzky, 36 West King street, Littlestown; Cpl. Glenn A. Heller, Idaville; Pvt. Charles W. Slusser, Littlestown R. 2; Pfc. Samuel D. Bittle, Littlestown R. 1, and Cpl. Richard H. Flinkboner, 418 York street.

Those recently discharged from the navy at Bainbridge, Md., included Richard Charles Hinkle, MOMM 3/c, York Springs; John Adams Cline, S 1/c, Gardners; Charles R. Bollinger, AOM 3/c, 60 Chambersburg street, and Floyd John Morrow, S 1/c, Biglerville.

## POETRY IS TOPIC OF DR. MASON IN ROTARY SPEECH

"Poetry is practical," Dr. Francis Mason, member of the English department of Gettysburg college and a poet in his own right, told members of the Gettysburg Rotary club Monday evening at the organization's regular meeting in the YWCA.

"The mistake most people make concerning poetry is that they approach it with the question, 'What does it mean?' Poetry has many meanings, one might as well ask a mother of a child, 'What does he mean?' or one might condemn an oak tree because it has more branches on one side than on another. You would not call the oak tree illogical because its limbs did not conform to some idea of oak perfection nor would you ask of a child, 'what does it mean.' The tree would answer that it is a product of growth and not logic and the Mother would answer that the child exists rather than that it has some defined meaning.

"Poetry is music—and should always be read aloud—it is an attempt to recreate in the reader the experience that has occurred to the poet. It is not a journalistic report written in rhyme; it is not something that has a 'meaning' as such. Rather it is the planting of images in rhythmic manner in order to give an enriching experience and many times it needs pondering over, for the poetic language is concise and three words of poetry may express more than 30 words of prose."

Dr. Mason read a number of poems written by himself outlining the idea of poetry expressing a general experience. He was introduced by Attorney Frank R. Bigham, Vice President Chester N. Gitt presided in the absence of President James S. Cairns. Thirty-six members and guests attended.

## State Guard Is Inspected Monday

Col. Peter Haller, U. S. Army, inspected the members of the local state guard troop Monday evening at the armory. The army officer, conducting inspections of state guard units in the area, praised the 68 men and three officers present for their appearance and made a number of suggestions for improvement of the troop.

Captain C. Arthur Brame headed the unit for the inspection with only two members of the guard absent, both on account of illness. The next meeting of the company will be held February 28 when the group will resume its instructions in rifle firing.

## Dr. Sockman Will Speak Here Tonight

The Gettysburg Lodge of Elks will hold a fried chicken dinner Wednesday evening at 7 o'clock in honor of past exalted rulers. The dinner is for Elks only. Special entertainment will be presented.

## SEWAGE PLANS DEMANDED OF TWO TOWNS BY STATE BOARD

Gettysburg and New Oxford are among 58 additional municipalities and institutions which today received orders from the state to prepare plans for sewage treatment works. So far 420 notices have been issued to boroughs and industries by the state Sanitary Water board as part of the Commonwealth's stream clean-up program.

While the Associated Press in a story from Harrisburg today said that the orders had been sent out, borough officials contacted this morning said that the official order had not as yet been received in Gettysburg.

However Borough Engineer Leroy H. Winebrenner added that the sewage treatment works plans that will be sent to the state board in response to the order will probably follow to a great extent the previously proposed program of the town for post-war work in the borough sewage disposal system.

### May Cost Over \$50,000

The post-war program, outlined in council about 18 months ago, followed to a large extent the original design of council 22 years ago when the present borough sewage disposal plant was installed. At that time only the primary disposal system was built with the borough unable at that time to raise the \$48,000 additional that would have been needed to put in a secondary sewage purification system.

Because the secondary system was never built the town has had to use chemicals to help purify its wastes. Installation of a secondary system would allow purification by filtration and would do away with much of the need for chemicals thus cleaning up Rock creek which now receives the waste and chemicals following purification action.

While the secondary system would have cost \$48,000 in 1924, the cost now will probably be well over \$50,000, Winebrenner estimated.

The borough is investigating the possibility of securing federal or state funds to help cover the expense involved in the proposed construction.

New Oxford has no borough owned sewage system, but a system is operated by the New Oxford Drainage company, a privately owned concern of which William Snyder, New Oxford, is president. The drainage company, established shortly before the first World War, serves about two-thirds of the community.

A spokesman for the New Oxford council today said that the borough had so far never outlined any plans for taking over the drainage company or of setting up a new sewage system. All letters from the state Board of Health to the council which have been sent the borough have been turned over to the drainage company for action.

## COUNTY SCHOOL DISTRICTS WILL GET \$104,516.04

The Auditor General today approved payments totalling \$104,516.04 to 32 fourth class school districts in Adams county. The funds are paid from appropriations authorized by the Legislature for the support of public schools in the Commonwealth.

The Adams county school districts, and the amount each will receive are:

Abbottstown Borough, \$1,274.18; Arendtsville Borough, \$3,414.50; Berwick Borough, \$814; Berwick Township, \$2,746.42; Biglerville Borough, \$10,663.75; Butler Township, \$3,590.81; Conewago Independent, \$100; Conewago Township, \$2,906.85; East Berlin Borough, \$6,689; Fairfield Borough, \$3,162.25; Franklin Township, \$5,570; Freedom Township, \$1,104; Germany Township, \$1,843; Hamilton Township, \$1,579.53; Hamiltonton Township, \$5,879.18; Highland Township, \$989; Huntington Township, \$4,205; Latimore Township, \$3,020; Liberty Township, \$2,543.32; Littlestown Borough, \$8,619; McSherrystown Borough, \$313.09; Menallen Township, \$4,047.50; Mt. Joy Township, \$3,790; Mt. Pleasant Township, \$2,595.82; New Oxford Borough, \$5,660.68; Oxford Township, \$2,278.22; Straban Township, \$3,612.50; Tyrone Township, \$2,525; Union Township, \$2,450; York Springs Borough, \$2,887.50.

### AMVETS TO MEET

The Gettysburg post of AMVETS will meet this evening at 8:30 o'clock in the American Legion rooms, L. S. Long, chairman of the organizing committee has announced.

OPA EXTENSION  
HITS GOP BLOC

Washington, Feb. 19 (AP)—The Administration's drive to give OPA an unchallenged lease on life bumped its potential trouble today—a Republican plan to write a definite formula for junking ceilings.

As a spokesman for the agency led the House Banking committee had all controls except rents probably can be eliminated next year, Rep. Wolcott (Mich.), ranking committee Republican, said he favors a system that would provide for gradual but forced OPA liquidation. This could be accomplished, Wolcott told reporters, by an amendment requiring removal of price ceilings in each industry when it is found that production has reached 5 per cent of normal output.

He would base the industry-by-industry decontrol on findings by OPA's own advisory committees, with any disputes to be settled by the emergency court of appeals.

Wolcott said he might offer this bill two other amendments to the bill before the committee to extend the Price Control Law one year beyond its June 30 expiration date. The others, he said, would:

1. Redefine OPA's scope of powers to confine controls to prices and rents and prevent use of the powers to control the economy.
2. Set up a pricing formula under which reconverting industries need not wait for an OPA price but could apply a specific percentage increase above their prewar price. This figure would be subject to OPA review after production was underway.

FURNACE DEATH  
BRINGS CHARGES

Johnstown, Pa., Feb. 19 (AP)—A furnace explosion that cost a woman's life today resulted in five men facing manslaughter charges.

The blast occurred Jan. 4, at Portage. Mrs. Julia Anthony, 56-year-old widow, was killed while inspecting a furnace installed that day in her basement.

Last Thursday a coroner's jury held the Sun Heating Co. of Johnstown negligent in the installation of the furnace and that the explosion was caused by a defective valve.

Yesterday Cambria County District Attorney Stevens Mayer filed an information preferred by County Detective P. J. Carroll before Alderman George Patterson, charging manslaughter against these persons:

Leroy Stapleton, Johnstown, R. D. 3, and Robert W. Clark, Johnstown, R. D. 5, owners of the company; Jerry Sexton, Johnstown, R. D. 1, steamfitter; and his helpers, Frank Liebfried, Johnstown, and Victor Roberts, Johnstown, R. D. 2.

Assistant District Attorney John M. Bennett, named to prosecute the case, recommended that the defendants be released on bond of \$1,000 to await action of the grand jury.

Does The Atom Bomb  
Explain Bible Miracles?

According to Edwin J. Dingle, world-renowned geographer, honored by leading geographical societies, the power of the atom as disclosed in the atom bomb, is small compared with little known and seldom used powers of the human brain. He maintains that man, instead of being limited by an average man power mind, has within him the mind power of a thousand men or more, as well as the energy power of the universe, which can be used in his daily affairs.

According to him, this sleeping giant of mind-power, when awakened, can make man capable of surprising accomplishments. It is as amazing as the atom bomb is compared with former sources of energy. Many thousands of people throughout the world have already tried his methods. Many report improvement in power of mind, achievement of brilliant business and professional success. Others report improvement in health, increased strength, courage, poise or energy, or a more magnetic personality.

He tells how he found these strange methods in far off and mysterious Tibet, often called the land of miracles by the few travelers permitted to visit it. Here, he discloses, he learned rare wisdom and long hidden practices, closely guarded for three thousand years by the sages, which enabled many to perform amazing feats. These immense powers, he maintains, are latent in all of us, and methods for using them are now simplified so that they can be used by almost any person with ordinary intelligence.

As part of a great movement to make his methods available to more people, a 9,000-word treatise is offered absolutely free for the time being. It reveals many startling results. Readers of this announcement can get their free copy by sending a post card or letter to the Institute of Mentalphysics, 213 S. Hobart Blvd. Dept. W-435, Los Angeles 4, Calif. Readers are urged to write promptly, because this offer may be withdrawn at any time.

MESSAGES POUR  
IN TO CARDINALS

Vatican City, Feb. 19 (AP)—Congratulations poured in from all parts of the world today to the 32 new cardinals, including four Americans, who were made princes of the Roman Catholic church at a precedent setting consistory yesterday.

The four American cardinals extended blessings to the members of their archdioceses as the entire group—the most cosmopolitan ever granted the church's second highest honor—received formal ad calorem calls from other members of the college of Cardinals and Diplomats accredited to the Holy See.

John Cardinal Glennon, of St. Louis, and Edward Cardinal Mooney, of Detroit, with Francis Cardinal Spellman of New York and Samuel Cardinal Stritch of Chicago, received a long line of beribboned diplomats and members of the Rome nobility, chatting animatedly with them in English, Italian and French. The diplomats who called included envoys to the Vatican of Spain, Portugal, Britain, France, Poland, Cuba and Chile.

With the late arrival of Josef Cardinal Mindenty, Hungarian primate, 30 of the 32 new princes of the church were present in Vatican city for the traditional ceremonies marking their elevation.

Failure of Russian authorities in Budapest to grant Cardinal Mindenty speedy clearance for his trip prevented him also from being present at yesterday's consistory.

WOMAN TO RUN  
AGAINST MARTIN

Pittsburgh, Feb. 19 (AP)—"Women should be in more policy-making positions," said Mrs. Elizabeth Jordan, 57, of suburban Greentree, in announcing she would seek Republican nomination to the U. S. Senate.

Mrs. Jordan, mother of three grown children, will oppose Governor Martin. She said:

"I think opposition in the primaries is a good thing because there isn't much sense in voting if there is only one candidate."

She is a member of the league of women voters and is international chairman of the Allegheny county federation of women's clubs.

Spouse Relents After  
Husband Is Jailed

After Merle E. Hyssong, 40, of Wilmington, Del., had spent several hours Monday night in the Adams county jail on a surety of the peace charge, his wife, Mrs. Vivian Hyssong, the complainant, withdrew the charge and her husband was released.

Hyssong was arrested at Hotel Gettysburg, where he and his wife had registered, at 5:30 Monday afternoon. He was alleged to have inflicted a cut over one of her eyes and other injuries during an argument in their hotel room. Borough police made the arrest.

Police said Mr. Hyssong was a former Chambersburg resident, and his wife formerly resided in Harrisburg. Until a few months ago they had operated an eating place in Wilmington.

Weddings

**Hoffman—Deardorff**  
LaRue H. Deardorff, daughter of Mrs. Annie M. Hostetter and the late John E. Hostetter, Hanover, and Robert C. Hoffman, Gettysburg, son of Mrs. Annie B. Hoffman, Bedford, were married Sunday afternoon at 3 o'clock. The single ring ceremony was performed by the Rev. Burt A. Behrens, pastor of the Reformed church at Rohrertstown, Lancaster county.

The bride is employed as manager of Hostetter's Cut Rate store, Frederick street, Hanover, and the bridegroom is employed by C. C. Hess Watson company, of New York city. The newlyweds will reside at 216 West Chestnut street, Hanover.

**Greason—Wildasin**  
Miss Arlene H. Wildasin, daughter of Mr. and Mrs. Harry C. Wildasin, East King street, Littlestown, was united in marriage on Saturday afternoon with David E. Greason, son of Mr. and Mrs. Herman Greason, Mt. Holly Springs, former residents of Littlestown. The double ring ceremony of the Reformed church was performed at 4 o'clock in the parsonage of Christ Reformed church, Littlestown, by the bride's pastor, the Rev. John C. Brumbach. They were attended by Mrs. David Smith, Littlestown, and Harry J. Wildasin, Littlestown, brother of the bride.

The bride is a graduate of the Littlestown high school in the class of 1940. She has been employed by the Windsor Shoe, Inc. The bridegroom served three years in the army, including two years in the South Pacific. He is now employed by the Littlestown Hardware & Foundry company, Inc., Littlestown.

On Saturday evening, a reception for the newlyweds was held at Three Pines Inn, Mt. Holly Springs. For the present the couple will reside with the bride's parents.

**Gilman—Boyer**  
Mrs. Violet Boyer, Carlisle, formerly of Gettysburg, and John W. Gilman, St. Cloud, Minn., were united in marriage Saturday noon in the parsonage of the United Brethren church, Hagerstown. The single ring ceremony was performed by the Rev. F. L. Plummer.

The couple was attended by Mr. and Mrs. Fred Thomas, Gettysburg. The bride wore a two-piece light blue street suit with black accessories and a corsage of white rosebuds.

Mr. Gilman was recently discharged from the army after three years of service. He is now employed by the C. H. Masland company, Carlisle. The couple will reside in Carlisle.

**Menges—McIntire**  
Miss Dolly Mae McIntire, daughter of Mr. and Mrs. James E. McIntire, East Berlin, and Charles Allen Menges, son of Mr. and Mrs. Allen H. Menges, East Berlin, were married Saturday at the parsonage of the Kreuz Creek Reformed church, Hellam, by the Rev. Richard E. Shaffer, former pastor of the Reformed church, East Berlin.

The couple was attended by Mr. and Mrs. Floyd Hoffman. The bride is a graduate of East Berlin high school, class of 1937. She attended Shippensburg State Teachers college, and has been employed in the office of the Pen Wood Heel company, East Berlin. The groom was recently discharged from the army after several months in the European theatre, and is employed at the Hoover Body company, York.

JAP EMPEROR  
VISITS PEOPLE

(By The Associated Press)

Emperor Hirohito walked among his downcast people today for a firsthand look at the wreckage of the whirlwind reaped by once proud Japan.

Protected by American military police, the well-dressed little man motored from Tokyo to Yokohama. He saw miles of bomb-shattered industrial and residential areas. His shivering subjects, awed by the unprecedented absence of ceremony marking his unexpected appearance, bowed stiffly, hat in hand.

Premier Kijuro Shidehara predicted in an interview with three American newspaper executives that it would take between 20 and 30 years to rebuild the crushed nation. He said Japan's livelihood depended on swift restoration of foreign trade.

In Chungking, Chinese government officials met in special conference on the Manchurian situation. Foreign Minister Wang Shih-chieh had just returned from Nanking where he talked to Generalissimo Chiang Kai-shek.

Eastern Airlines  
Seeks Expansion

Philadelphia, Feb. 19 (AP)—Eastern Airlines, first of the major air carriers to be heard in the Middle Atlantic for expanded postwar air service, today sought Civil Aeronautics board approval of 24 additional stops in New York, Pennsylvania, New Jersey, Maryland, Virginia, Delaware, West Virginia, and Ohio.

Spokesmen for the company told a reporter Eastern will also ask the CAB to withdraw a restriction on the firm's traffic to and from Boston, Mass.

Eddie V. Rickmacker, famed World War I ace and Eastern president, is expected to be a witness.

At hearings yesterday, spokesmen for Atlantic Airlines, Inc., sought CAB certification of so-called "day coach" service linking New York (from Newark, N. J. airport), Wilkes-Barre-Scranton, Williamsport, Pittsburgh, Allentown, Bethlehem, Altoona, Johnstown, Harrisburg, York, Reading and Philadelphia in Pennsylvania; Wilmington, Del.; Atlantic City, N. J.; Baltimore and Washington.

Woodsman Dies  
When Cabin Burns

Kane, Pa., Feb. 19 (AP)—State police today were investigating the death of a woodsman identified as George Brown, 60, of Bartow, W. Va., whose burned body was found in the smoking embers of a two-room frame woods camp six miles south of here in the Waterrmill area.

Woodsmen from a camp 200 yards away found the body beside a flame-wrecked heating stove yesterday.

Couple Honored On  
Silver Anniversary

Mr. and Mrs. Charles Cool, Baltimore road, observed their 25th wedding anniversary at a dinner held in their honor on Sunday.

Those attending were: Mr. and Mrs. Charles Cool and daughter, Bernadette, Mr. and Mrs. Howard Schriver and children, Joan, Barbara, Tommy and Scotty, all of Gardner; Mr. and Mrs. Donald Schriver and daughters, Donna, Marie, Patsy and Gloria, all of Aspers; Anthony Mullen, of Philadelphia, and Helen Bennett, of Harrisburg.

The couple received a number of silver gifts.

BIRTH ANNOUNCEMENTS

A daughter was born at the Carlisle hospital Saturday to Mr. and Mrs. William Smith, Gardner R. 1.

MORE HOUSING  
FUNDS POSSIBLE

Harrisburg, Feb. 19 (AP)—John A. Kervick, regional director of the Federal Public Housing Authority, believes another \$40,000,000 may become available for temporary housing for veterans in a five-state area.

"We have allotted all the housing units for which we have funds," Kervick said here yesterday, "but there is now before Congress a bill to appropriate an additional \$250,000,000. Based on our share of the original \$191,000,000, the five states probably will have another \$40,000,000 out of the new appropriation."

He made the statement to a forum of representatives of 40 cities, boroughs and colleges in Pennsylvania who already have applied for temporary houses under the government's program.

The agency will deal with any local bodies, including counties, he added, but it will not "sign a contract with a non-profit organization unless it is backed by a resolution of a city council."

Modern "Coxey's  
Army" On Move

Massillon, O., Feb. 19 (AP)—A modern "Coxey's army" of taxi cab drivers and their families headed for Washington today after an overnight stop in the home town of the man who headed a march from here to the capital in 1894.

The approximately 350 Chicago veterans, loaded in 148 cabs, will seek relief in Washington from a city ordinance limiting the number of Chicago cabs to 3,000, most of them controlled by two companies.

Edgar Sirles, president of the American Cab Drivers' association for discharged veterans, said they would put their case before the department of justice on grounds that control by the two companies constituted a monopoly.

BIG SCHOOL FIRE

Pittsburgh, Feb. 19 (AP)—Fire today destroyed the Forest Hills borough's Atlantic avenue school, which houses both junior and grade school classes. Fire Chief Charles C. Demuzzio estimated damages at \$100,000.

## LASALLE QUINT FOE OF BULLETS ON WEDNESDAY

Averaging 53 points per game, the high-scoring LaSalle college quintet of Philadelphia comes here Wednesday evening for a game with the Gettysburg college cagers.

Foremost in the lineup for the Explorers is Bob Walters who has the highest average number of points per game of all Philadelphia district colleges. Walters has netted 285 points in 18 games for an average of 15.8 points. He has landed 122 goals and 41 fouls. On Saturday night he netted 22 points to lead his team to a 54-43 decision over Loyola.

### Even For Season

LaSalle has split even in 18 games this year against a host of stiff opponents. Victories have been scored over Loyola (2), Georgetown, Alameda, Philadelphia Coast Guard, Lakehurst, Catholic university, St. Joseph's and Swarthmore. They received losses at the hands of Temple, Lafayette, Muhlenberg, C.C.N.Y., Philadelphia Naval Base, Rider, Albright, Scranton and Philadelphia Naval hospital.

From the records it appears the Bullets will have another stiff assignment in attempting to halt LaSalle and it is probable the game will be another nip and tuck battle.

Reserved seats have been placed on sale at the college gymnasium and at the Britcher and Bender store.

### Reserves To Play

The four-game winning streak of the unbeaten Bullets reserves will be seriously threatened in the preliminary game when the St. Mary's Boys club of York will be the locals' opponent. The St. Mary's outfit is one of the strongest of the independent teams in York.

Doors to the gymnasium will open at 6:15 o'clock with the preliminary tilt starting at 7 o'clock.

## 2 GRID STARS AT NAVY FLUNK

Annapolis, Md., Feb. 19 (AP)—Two standouts of the 1945 Navy football team were on their way out of the naval academy today, bringing to six the number of "big name" backfield men who bolstered the sailors' gridiron hopes during the war years and won't be playing here next season.

A spokesman of the superintendent's office announced that Bob (Hunchy) Hoernschemeyer and George Sundheim, former University of Indiana stars, had "billed out" due to academic deficiencies.

Less than a month ago, halfback Bob Kelly—erstwhile Notre Dame luminary—resigned after one year as a midshipman, saying he intended to enter Cornell where Ed McKeever, former Notre Dame coach, is in charge of football.

Last fall three halfbacks, Ralph Ellsworth of University of Texas, Fred Earley from Notre Dame, and George Walmsley of Rice Institute, departed from navy.

### Was All-American

In announcing the flunking of Hoernschemeyer and Sundheim, who played quarterback and fullback for a great part of last season, the academy spokesman said they had been given an opportunity to apply for re-examination, but had not accepted.

"Apparently they have no particular interest in becoming naval officers," he said.

Formal action on their departure, he added, must come from the navy department in Washington.

Hoernschemeyer, who gained third team all-American honors at Indiana in 1943, was one of navy's stars in his team's last-minute defeat of Pennsylvania last fall, 14-7.

Their future plans were not disclosed, but both would have a year of eligibility remaining if they chose to return to Indiana. Hoernschemeyer led the big ten in passing for two seasons.

## Ted Lyons Back With Ambitions

Pasadena, Calif., Feb. 19 (AP)—The idol of Chicago's South Side, Ted Lyons, 45 and fit, is back from the wars and hard at work to become "more than just a Sunday pitcher" for the White Sox this season.

The affable Lyons, discharged from the Marines as a captain after three years of service, was so eager to pick up the 20-year twirling thread he left behind in 1942 that he came out to the White Sox' training base 10 days ahead of his batterymates, due here tomorrow.

### Sunday Pitcher

The flu postponed his workouts, but he was on the Brookside Park practice field early yesterday, almost as frisky—well, almost—as in 1923, when as a gangling kid just out of Baylor university, he first joined the club.

"I want to pitch 200 innings this year," said Lyons, between laps around the field. "My legs feel fine—and that's the main thing."

In '42, he pitched 180 innings, won 14 games and lost only six, while chalking up the best earned run average of his career—.210. During the summer months, he was a regular once-a-week starter—on Sunday.

## High Courtmen Host To Carlisle

Carlisle high, who will represent the Northern Division in the championship playoff for the Southern Pennsylvania conference honors, will be the opponent of the Gettysburg high dribblers this evening on the local court.

Coach Clarence Hendrickson's outfit clinched their division title by gaining a 43-42 decision over Hershey at Carlisle last Friday evening.

The Maroons, who have beaten Carlisle at Carlisle, look forward to a stiff battle. The Cumberland countians are reported vastly improved since the time the teams clashed in Carlisle.

The reserve teams will lock horns at 7 o'clock.

## Sports Roundup

By HUGH FULLERTON, JR.

New York, Feb. 19 (AP)—As a sign

the spring training season really is under way, some of the ex-service men who were getting the headlines a week or so already have begun to fade. . . . And don't be surprised if a lot of others who looked like world beaters in the service leagues turn out to be just fair ball players. . . . There may be an exception in the case of pitchers. Shag Shaughnessy, the international league boss, claims they've had a chance to develop because they didn't have to bear down so hard and could concentrate on gaining control and working up new stuff. . . . As a reward for his winter activities on the alleys, including a bunch of exhibitions, Babe Ruth is getting a pass to the American bowling congress tourney all for free. The Babe presumably has the nickel to go with it if he wants a ride on the subway.

### SERVICE ACE

Some of the 13th air force fliers who played in the recent all-service tennis tourney in Australia, told this one about a major who also was a tennis enthusiast. . . . When his group was about to bomb Balikpapan, the major instructed: "Bomb installations but don't touch tennis courts." . . . After the raid he received this report: "Installations, etc., obliterated; regret one tennis court unplayable."

### ONE-MINUTE SPORTS PAGE

Florida climate item: Everett Clay, who beats the drums for Hialeah, describes the Widener handicap favorite, Concordian, as "the rheumatic which has developed in the Florida sun." . . . Byron Nelson, the golfing umbrella man, is turning sports writer. He'll do a golf column for the Toledo Blade three times a week during the spring and summer. . . . The Giants' Bill Voiselle has moved from Ninety Six, S. C., to Mustang, Okla. . . . And on cracks, please, about his not wanting to be "broke." . . . The spotlight field for Saturday's AAU indoor track and field championships includes army's Tex Coulter (225 pounds) and Doc Blanchard (210), Purdue's Bill Bangert (245) and Bernie Mayer (230) and Irv Kintisch (240). . . . Those guys really can throw their weight around.

### CLEANING THE CUFF

Michigan and Oklahoma, to name two colleges, are planning major improvements in their football press boxes this summer. How about some of the eastern schools taking a hint? . . . Frank McCabe, who was six feet nine when he enrolled at Marquette U. last summer, has grown three quarters of an inch since then. Naturally, he's a basketball center. . . . Cookie Lavagetto suffered an incomplete fracture of his wrist trying to fix up "iron mike," the pitching machine, in the Dodgers' camp. The next day the machine broke down and now Branch Rickey is trying to sell it. . . . At that, "Mike" wouldn't be a much worse buy than some of the pitchers Branch has peddled.

## Hershey Clicking With New Forward

(By The Associated Press) Undefeated in their last three engagements, Hershey's second place eastern division Bears are priming themselves for the American hockey league playoffs which get under way next month.

The Bears, who clash with the Flyers in St. Louis tonight in the circuit's only contest, have been clicking since they purchased Joe Bell, high scoring forward from the New Haven Eagles on February 10.

The last place western division Flyers, who trail the third place Cleveland Barons by eight points, have scored only one win and a tie in their last nine contests and are virtually out of the running for a playoff berth.

## Flour Research Expert Is Dead

State College, Pa., Feb. 19 (AP)—Benjamin W. Dedrick, 85, retired faculty member at Pennsylvania State college who achieved national attention in 1927 when he perfected a method to bake bread in 52 minutes, died yesterday.

A native of Milwaukee, Wis., he retired as a teacher in 1937. He was a pioneer in flour milling research.

## MEXICO SIGNS DODGER FIELDER, RAIDS LEAGUES

New York, Feb. 19 (AP)—Mexican baseball promoters, with plenty of pesos to offer as bait, are attempting to outbid the major leagues in the Latin American ivory market and are invading the player lists of U.S. leagues.

Headed by Bernardo Pasquel, millionaire president of the Mexican Professional Baseball league, the promoters from across the border made their first big strike yesterday when Luis Olmo, fleet-footed 313 hitting Brooklyn outfielder, signed a three-year contract with the Vera Cruz club.

Along with Olmo, who reportedly is getting \$10,000 a year plus expenses for his wife and himself, the Mexicans signed the colorful Danny Gardella, a combination outfielder-first baseman with the New York Giants last year.

Other Latin the wealthy Mexican executive claims have "jumped" the majors are Rene Montague, Philadelphia Phillies outfielder; Roberto Estalella, Philadelphia Athletics fly-chaser, and Permin Guerra, Washington catcher.

### Holdout Trouble

In the meantime, "holdouts" continued to plague the three New York clubs. President Larry MacPhail, making his first appearance at the Yankees training camp in Panama, disclosed that five players still were unsigned. Heading the group was the American league batting king, George Starnes, who is not satisfied with the offered \$16,000, the same he received last year. MacPhail listed the others as Pitcher Ernie Bonham, who has taken a heavy cut in pay, outfielders Tucker Stainback and Russ Berry, and infielder Joe Buzas.

The Dodgers announced the signing of six players, first baseman Howie Schultz, second baseman Al Campanis and pitchers Clay Smith, Ray Hathaway, Ervin Palica and Leroy Pfund, but joining outfielders Dixie Walker, Augie Galan and pitcher Joe Hatten as holdouts, were flycatchers Goodie Rosen and Pete Reiser.

In addition to Reyes, Zabala and Maglie, the Giants officially listed catcher Ernie Lombardi, and outfielders Charlie Mead, Bobby Fox and Jesse Pike as holdouts.

## Caras Runs 117 in Mosconi Match

New York, Feb. 19 (AP)—Although he still trails Champion Willie Mosconi by 549 points, Jimmy Caras of Wilmington, Del., today holds the high run record for the first 30 blocks of the 86-block challenge match for the world's pocket billiard title.

Caras put together his big string in yesterday's afternoon session when he dropped in 117 balls in succession to take the block 125-38 in five innings. The Delaware cue artist made it a clean sweep for the day when he beat the Barrington, N. J., titleholder 125-80 at night, closing out the five inning affair with an unfinished run of 112.

Mosconi, who has captured 18 of the 30 blocks, leads in total points 3,173 to 2,624.

## FAIRFIELD AND ALUMNI DIVIDE

The Fairfield high school and alumni cage teams divided a pair of games played Monday evening.

Paced by Jim Donaldson who accounted for 18 points, the alumni led the whole way to defeat the Fairfield boys 45-26. At half time the alumni was on top 23-14.

In the preliminary game the Fairfield varsity nosed out the alumnae in a yard fought game 21-17. J. Musselman was top scorer with 10 points.

Tonight York Springs plays at Fairfield.

## GIANTS EXPECT MONEY LURE TO SNARE HURLERS

By GAYLE TALBOT

Miami, Fla., Feb. 19 (AP)—The New York Giants, desperately in need of a couple of good pitchers if they are to get anywhere in the national league race, still are confident that the kind of money they are offering owner Sam Breadon of the Cardinals will, eventually, prove impossible for Sam to resist.

So, they are not too worried as they go into their second week of training. The rest of the club looks good, and Bill Rigney, the bespectacled shortstop who just got out of the service, is proving something of a sensation afield, though it is not yet demonstrated that he can hit well enough to beat Buddy Kerr out of the job.

As for the pitchers, they know that the Cardinals have more good ones than they can possibly use, and that Breadon is going to have to unload before the season opens.

"I told Sam we weren't interested in any of his pretty-good pitchers," President Horace Stoneham says. "I told him I wouldn't buy one of his \$25,000 boys, but that when he got ready to talk business about a real pitcher I would talk real money to him."

They still don't know, by the way, when Cooper will get out of the navy, but they are hoping it will be around April 1. Whenever he is available, however, both Stoneham and his manager, Mel Ott, still think they made a great deal when they bought him. In the meantime, Ernie Lombardi has not yet reported, and the giants are somewhat cramped for big league catchers.

This is the last year, Stoneham says, that the Giants will be trying to buy pitchers, or any other sort of ball players from the Cardinals. "Carl Hubbell has done an outstanding job as head of our farm system," Stoneham said. "He's proved to be as great behind a desk as he was out there pitching—and you can't say any more than that. He's already developed a fine crop of youngsters, despite the war, and some of them will be ready next year. We'll be selling ball players instead of buying them."

## E.B. QUINT IN 15TH TRIUMPH

Coach Ervin Kopp's East Berlin high quintet won its fifteenth victory of the season Monday by nosing out Red Lion on the latter's court, 29-28 before the largest crowd of the season at Red Lion.

The Adams county league champs trailed 16-5 at half time but put on a brilliant third period rally to take a 22-20 lead going into the final period. Wolf and Chronister paced the victors with 15 and 10 points respectively.

The East Berlin team closes its regular season Friday playing at Dallastown.

## Jugoslav Charge Denied By Bevin

London, Feb. 19 (AP)—Foreign Secretary Ernest Bevin denied officially today that Polish troops serving under British command in northern Italy were moving toward the Yugoslav border and were a threat to peace.

A Yugoslav memorandum, presented by Russia Saturday to the United Nations Security Council, made the charges. Bevin replied in a 500-word letter to Secretary General Trygve Lie of the United Nations, declaring: "If the Yugoslav government believed the charges in their memorandum to be well founded, their proper course was to bring them to my notice through the diplomatic channel."

### NO PITT COACH YET

Pittsburgh, Feb. 19 (AP)—The new head football coach at the university of Pittsburgh "won't be announced until at least March 1," Athletic Director James Hagan said today.

Hagan said more than 75 persons had applied for the position Clark D. Shaughnessy gave up two weeks ago to return to the university of Maryland.

## JIMMY WALSH SIGNS

Pittsburgh, Feb. 19 (AP)—Pitcher James Walsh, recently discharged from the army, has returned his signed contract, the Pittsburgh Pirates announced today, reducing the number of the club's holdouts to six.

Milwaukee, Feb. 19 (AP)—A few months ago one of Dr. Benjamin Weisbren's patients fainted just as he was to extract a tooth. The dentist waved a bottle of smelling salts under the patient's nose and then removed the aching tooth.

The patient came back for another extraction and suggested to Dr. Weisbren: "Use the same stuff you did before. It was wonderful."

## Today's Talk

GEORGE MATTHEW ADAMS

THIS IS A GREAT DAY

wonder how many of us welcome  
new day as something most  
sed, most wonderful, and fairly  
d with privilege and opportu-  
nity? So many look upon the new  
y as just another day. But bear  
mind how many there are who  
y from their hearts that they  
y just live another day!

We take so many things for grant-  
ed, not realizing that our commonest  
privileges and opportunities may  
praise our most thrilling and hap-  
pist moments. To me, each new  
y—this day—is a miracle. And it  
esn't make much difference  
ether it is full of storm or sat-  
urated with sunlight. This is a great  
y! Untold numbers, who lived  
yesterday, do not live today.

George Gissing tells in his beau-  
liful book "The Private Papers of  
Henry Ryecroft," of his great thrill  
of happiness at experiencing "an-  
other Springtime," wondering if  
he would be privileged to enjoy an-  
other, but rejoicing that he had that  
e. I believe we should look upon  
ch new day in the same way—  
appy for it, drinking in its beauty  
d hope to the full.

We can easily lose a day, by  
inking or doing nothing to make  
notable, for never again does the  
ne day appear. The opportu-  
nity for joy and usefulness in it is  
ief, and never returns. That's  
y each day is important, and—a  
eat day. Someone once said:  
ount that day lost whose joy  
ascending sun views from the sky  
and no worthy action done."

I have watched the early rising  
f the sun, with its interlarded  
rilliance of colors, rising over the  
ean, or lake, or creeping up from  
he horizon, ribboned with foliage,  
nd I have felt to the depths of  
y being—this is a great day!  
horeau, and thousands of others,  
ave felt the same way. These sights  
re Nature's docology.

We can become rich in spirit,  
nely by gaining the feel of each  
new day, and then carrying that  
eel into whatever the day may pre-  
ent in opportunity for service and  
usefulness.

Tomorrow Mr. Adams will talk on  
the subject: "Friendliness"

## VFW Names Ace

Chief Of Staff

Pittsburgh, Feb. 19 (AP)—Famed  
air ace Col. Francis S. Gabreski, of  
Oil City, has been named chief  
of staff for the Veterans of Foreign  
Wars.

His appointment was announced  
Sunday by VFW Commander Joseph  
M. Stack, who said "since ap-  
proximately two-thirds of our mem-  
bership is comprised of World War  
I members, we feel that they should  
be represented in some leading posi-  
tions within the organization."

Now stationed at Wright Field in  
Dayton, Ohio, Gabreski destroyed  
28 Nazi planes in the air during the  
war and three others on the ground.  
He spent nine months in a German  
prison camp after being forced down  
behind enemy lines.

FIFTY YEARS AGO

Local Miscellaneous: M. E. Stallsmith

has received the contract for the

seven-room house that John L.

Sheeds is building on East Middle

street.

A number of our citizens have  
lost considerable sums of money by  
the failure of the York Building  
Association. Max Comfort was un-  
fortunate enough to have \$700 and  
E. P. Wisotzky several hundred  
in it. E. M. Ziegler saved himself  
from loss by withdrawing last sum-  
mer and using the money in erect-  
ing the barn on his farm. We hear  
Levi Stallsmith, of York and former-  
ly of this place, was also a heavy  
loser.

An increase of pension has been  
granted to George K. Sherman of  
Two Taverns.

The Sunday School classes of Miss  
Ida Wisotzky and Miss Margaret  
Herbst gave a Martha Washington  
party Tuesday evening at the home  
of Miss Wisotzky.

## UNCERTAINTY ON NATIONAL GUARD PROBLEMS IN PA.

By ALLAN CRIST

Harrisburg, Feb. 19 (P)—There's a  
whole host of questions that await  
answering, about Pennsylvania's part  
in the nation's peacetime military  
program, but you'll have to go to  
Washington to find the answers.

And, according to some of the  
people here who you'd expect to  
know, it's doubtful whether anyone  
in the national capital can say what  
the score is, right now.

There are too many uncertainties:  
Is Congress going to extend Selective  
Service beyond May 15? Is it going  
to establish peacetime compulsory  
military training? How long will the  
training period be? How large a  
regular army will be authorized?  
How large a National Guard? What  
will be Pennsylvania's allocation?  
Will draftees be required to augment  
their compulsory full-time training  
with a hitch in the National Guard?  
When will the army return the Na-  
tional Guard units to their home  
states? When will it relinquish the  
Huge Indiantown Gap Military  
reservation to its owner, the com-  
monwealth of Pennsylvania?

Everything "Tentative"

Rather than wait until Congress  
does something, Governor Martin  
has had a small group of veteran  
National Guard officers develop  
tentative plans for a postwar Guard  
with an immediate objective of 26,  
241 officers and men, re-activation  
of the famed 28th Division and cer-  
tain other first priority units, and  
contemplate a start of training "any  
time" after June 1.

But the word "tentative" crops up  
continually; the whole situation is  
very "iffy."

There's some very nebulous talk  
about how the state will use its  
Indiantown Gap training base. The  
army is halting separations there  
February 28, but no one seems to  
know when all activities will be  
moved out.

Some Things Certain

This much seems fairly certain:  
All activities of the Department of  
Military Affairs will be transplanted  
to "the Gap." A permanent building  
will be erected to house it. Perma-  
nent staff officers and enlisted per-  
sonnel of the 28th Division will be  
established there. So will all func-  
tions of the old, red brick arsenal in  
Harrisburg. The state police will  
build a new training school there.

In the "maybe" class are the  
army's donation to the state of the  
hundreds of frame barracks, mess  
halls, supply rooms, chapels, service  
clubs, etc., which the War Depart-  
ment threw up beginning in 1940.  
The generally-accepted life expect-  
ancy of most frame cantonment-type  
structures, such as these, was five  
years, but they may be good for many  
more years, depending upon  
replacement of foundations, new  
roofing, painting, and other main-  
tenance.

Also "maybe": The army may  
require Pennsylvania to permit  
other states to train their troops  
at "the Gap"; the army may main-  
tain several thousand troops there  
permanently.

## Legion Auxiliary Plans Greenhouse

Harrisburg, Feb. 19 (P)—Dr. Ruth

Miller Steese, state president of the  
American Legion auxiliary, said  
Monday that financing is underway  
by the auxiliary for a greenhouse at  
Valley Forge Military hospital to  
cost between \$12,000 and \$14,000.

"The Valley Forge greenhouse will  
be the answer to many needs" of  
the blind soldiers, she said in explain-  
ing that it will be financed by the  
collection of merchandise coupons and  
public contributions.

## Allentown-Reading Transit Strike Ends

Allentown, Pa., Feb. 19 (P)—Buses  
of the Allentown-Reading Transit  
company resumed operations Mon-  
day following a two-day strike in a  
contract dispute.

Thirty-seven drivers and shop-  
men of the company, members of  
Local 1,195, Amalgamated Association  
of Street, Electric Railway and  
Motor Coach Employees (AFL),  
struck Saturday over what the  
union claimed was company refusal  
to pay hospitalization fees for  
employees.

Richard W. Held, vice president of  
the local union, said all grievances  
were settled when the company  
agreed to put the union-company  
contract in full force. The company  
declined comment.

## SHOWDOWN NEAR ON DRAFT BILL

By WILLIAM F. ARBOGAST

Washington, Feb. 19 (P)—Voicing  
determination to "settle this thing  
one way or the other," Chairman  
May (D-Ky.) Monday put a dead-  
line on House Military committee  
hearing on universal military train-  
ing.

He indicated to reporters that he  
will refer the controversial matter  
to a subcommittee at the end of a  
final week of public hearings start-  
ing Monday.

May set aside the entire week to  
hear opponents of President Tru-  
man's plan to require every able-  
bodied male youth to take military  
training.

"And then the hearings will end,"  
he said.

Starting off the final week of  
testimony will be Robert Hutchins,  
president of the University of Chi-  
cago. He will be followed on Tues-  
day by Philip LaFollette, former  
governor of Wisconsin, and repre-  
sentatives of the Federal Council of  
Churches.

Scheduled to testify later in the  
week are the National Farmers'  
Union, the CIO United Automobile  
Workers and the National Associa-  
tion for the Advancement of Colored  
People.

Divergent Views

Since last November, when it  
started the hearings, the committee  
has heard scores of witnesses. Chief  
support for the training proposal  
has come from the army, the navy  
and veterans' groups, while major  
opposition has developed in the  
ranks of educators, churchmen and  
organized labor.

May said he hopes the committee  
will dispose of the Legislation be-  
fore Congress is faced with a  
decision on extending the draft act  
beyond May 15, when it expires.

While there is strong committee  
sentiment against compulsory mili-  
tary training in peacetime, there are  
indications of a compromise which  
would call for four months of train-  
ing supplemented by national guard  
or ROTC work in home environ-  
ment. Such a compromise has been  
advocated by the American Legion.

**Final Notes On Rhubarb**  
Rhubarb is one of the most healthful of all garden crops. It should be grown not only for immediate table use during the productive season and also for local marketing, but it should be canned for bolstering mineral-deficient diets in late fall and winter. There are few better early revenue crops near towns and small cities, due to the fact that consumers are often unable to buy fresh, high-quality rhubarb in season. Many commercial gardeners are proving that rhubarb is their best revenue producer because of its exceptionally heavy yields and perennial habits.

If planted in deeply fertile, well drained loam, rhubarb continues to increase in productivity for six to eight years, after which the clumps should be divided and replanted. A sunny fence row is an ideal location for a few clumps for home use. Southern exposure is preferable, with east and west following in order.

Nursery roots or divisions from old clumps should be planted as early in March as soil can be prepared. If clump divisions are planted, a healthy eye (crown bud) should be retained on each division along with a vigorous mass of roots. Spacing is three to four feet apart in single rows or with rows four feet wide in solid plantings. Two or three good clumps are sufficient for an average family.

It is important that no stalks be cut from plants the first season after spring planting, unless growth is unusually vigorous, in which case only a few of the largest stalks should be taken. Even after clumps are well established it is not wise to cut more than a few stalks from each clump at one harvesting, otherwise the roots may be seriously weakened. Cutting in all cases should cease in early July every year.

Rhubarb planting is not unlike planting peonies—deep covering is injurious. The crown should not be deeper than two inches after the soil settles.

No other vegetable compares with rhubarb in plant food requirements. It is the grossest feeder of the garden. Thus, plenty of well rotted and finely pulverized manure should be spaced under at least a week or two before planting time. If manure is lacking, a complete fertilizer is recommended, something near a 6-8-6 strength, worked liberally into the top soil. There is little danger of over-feeding rhubarb at any stage of growth.

Established clumps should be mulched with straw manure in late February or early March to protect the tender buds from freezing. In late March or early April a side dressing of nitrogenous fertilizer is a good investment, worked into the surrounding soil so it does not come into contact with the crown or roots.

Cultivation is restricted to weed control. After cutting ceases in early July well rotted manure and a complete fertilizer should be applied to enable the roots to store strength for their next year's production. And seed stalks should be kept cut away at all times, as they weaken the plants.

Deep coloring is sought in rhubarb stalks. This explains why nursery roots are recommended instead of propagation by seed. Rhubarb grown from seed seldom comes true to parent form.

Few insect enemies or diseases attack rhubarb—a desirable factor in selecting food crops to grow.

Congress created the Santa Rosa Fire Oak Timber reserve in Florida in 1917 to insure timber supplies for the Navy.

THE PLANT ENGINEER SAYS:

**"Gas IS THE MOST ACCURATELY CONTROLLABLE SOURCE OF HEAT"**

In tens of thousands of plants and commercial establishments, Gas is used for many jobs calling for the most precise control of heat because engineers know that this modern fuel can be most closely modulated to the temperature required, whether to anneal X-ray tubes or melt armor plate. For instance, a manufacturer of precision glass for optical use consumes over 800,000,000 cubic feet of Gas yearly.

In the home, the housewife finds the Gas range the most accurately controllable source of heat for preparing meals. This gives her greater freedom in this important job and helps her guarantee the best results. Dietitians and housewives tell us

closest fidelity to recipes is secured with a modern Gas range.

The precise temperature control of the modern Gas range provides greater economy too. It enables you to enjoy the distinct advantages of modern, low temperature oven cooking. This cuts meat shrinkage to an absolute minimum yet retains the natural flavor, juices and health values. And no other fuel combines so many advantages with such economy.

Be sure your new range is Gas and you will enjoy years of the finest, most effortless cooking. See your Gas Appliance Dealer or inquire at your Gas Company for latest information.

## LEGION POSTS WILL WATCH VA

Indianapolis, Feb. 19 (P)—Ameri-  
can Legion leaders are backing Na-  
tional Commander John Stelle in  
his criticism of veterans' treatment  
— and are going after more ammu-  
nition.

The Legion executive committee  
in special session voted to scour  
the country every month, through  
the 13,400 Legion posts, for facts on  
Veterans Administration operations.  
Stelle will report on what they find.

It decided to send him to Wash-  
ington with a committee to call on  
General Omar N. Bradley, VA head,  
who declined an invitation to ap-  
pear here.

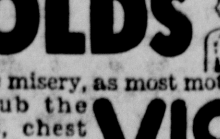

Meeting amid the heat of a con-  
troversy stirred by Stelle's assault  
on Bradley's administration and the  
legion commander's demand for a  
congressional investigation, com-  
mitteemen unanimously approved a  
resolution which said:

Stelle was acting on legion infor-  
mation and carrying out convention  
mandates.

In 1943 an inscribed strip of  
bronze, indicating existence of a  
king of the world 2,500 years ago,  
was discovered in Palestine.

## KRUPP PALACE MONUMENT TO DESTRUCTION

By DEWITT MACKENZIE

Essen, Germany, Feb. 19—Just outside this bomb devastated city that was the home of the Krupp Armament works—for generations the world's greatest producer of instruments of war—there is an extraordinary monument to rapacity and ruthlessness.

This is the baronial palace of the Krupps known as the Villa Hugel. It is the last word in wanton lavishness and its estimated costs runs into millions of dollars.

What it may have cost in millions of money, however, doesn't interest this column so much as what it cost in millions of lives. For this House of Krupp was created from the profits of war piled up through the generations, and in this sense it was built on the bodies of men who died in battle that Krupps might prosper.

**Fed Aggressions**  
History plus the responsibility for much of German aggression during the past century on Krupps and it will be history which will tell us how many conflicts this firm fed among Germany's neighbors.

It was Alfred Krupp, founder of the firm, who provided the sinews of war for Germany's onslaught against France in 1870. It was Krupps which carried Kaiser Wilhelm on his back to near victory over the Allies in the first World War. And it was Krupps that was one of the main contributors—perhaps the main one—to Hitler's all but successful attempt to conquer Europe.

You experience an uncanny sensation as you walk through the vast oaken halls of this symbol of the Krupp success. Mrs. Mack and I experienced the same thought independently of each other—that the price of all this was paid in blood. The whole atmosphere was vampirish.

Villa Hugel stands on a hilltop overlooking the ruins of the big city of Essen, which grew up about the Krupp works that stretch through the heart of the town for seven miles—an amazing industrial project. The villa has some fine points, but on the whole it is heavy and oppressive.

**Works In Ruins**

The huge and lofty baronial hall is a record of the pride of the Krupps, for its oaken walls—one of its really beautiful features—are covered with many lifelike portraits of various members of the family. Well, one could write a book about this article is to draw attention to an aspect of German aggression which we don't see emphasized fully enough. This is that militarism has been supported by and encouraged by the titan armament firm of Krupp, which has been the motor of the war machine.

Because of this it is grand to see the seven miles of Krupp works lying in ruins from bombing, and Villa Hugel on the hill is a potent reminder to the Allies never to let the Krupps fabricate another gun.

Pennsylvania Selective Service, responded with an appeal for public appreciation of the work accomplished by "these volunteers who served without pay." The award came as a surprise to Martin who as governor was responsible for the administration of selective service in the state.

Martin said in a statewide broadcast that the board members "spent long and trying hours in their deliberations, so that this necessary work might be done with justice to the individual and fairness to the government."

A million Pennsylvanians, he declared, entered the armed forces "largely through the work of selective service" in this state, the largest draft unit in the nation.

**"Nation Is Grateful"**

Maj. Gross presided at the Harrisburg ceremonies, while these four former state directors participated in the other meetings:  
Col. Richard K. Mellon at Pittsburgh, Col. George H. Hafer at Philadelphia, Col. John McI. Smith at Erie and Col. Benjamin F. Evans at Scranton.

Maj. Gen. Lewis B. Hershey, national director of Selective Service, said in a telegram that "this recognition is richly earned" and added:  
"Your country deeply appreciates the loyal service you have given and are now giving. May your good work continue both in supplying the manpower needs of the armed forces and in aiding returned veterans."

## SOROPTIMISTS

(Continued from Page 1)  
most needed. This work will continue during the winter months.

Mrs. Fred Slegal, chairman of the February dinner committee, reported that a "Soroptimister Dinner" would be held on February 26 at the YWCA at seven o'clock, with members entertaining husbands, men friends and their men business associates. All members are requested to notify Mrs. E. Mae Beales before Saturday of the number of guests they will have.

Miss Kathryn Oller, Mrs. L. Muselman Arnold and Mrs. Elizabeth Grieb were appointed to serve as a Public Affairs Committee to study current legislation.

Mrs. Arnold was appointed as Sister-club representative to keep in correspondence with a club in Ashton-under-Lyne, England.

The club voted to send \$25 to China for the aid of student nurses there and also sent in its allotment for the First Regional Fellowship to be given this year in plastic surgery, the award to be made in the spring.

**Mrs. Bierer Speaks**

Eight or ten members of the club will go to Valley Forge on Friday for the dedication of 14 sun rooms in the hospital there, one of which the local group helped to furnish. Members not at the meeting who wish to join the group are asked to communicate with Mrs. Buehler.

Mrs. Irving Bierer gave a talk on her classification as a retailer of shoes. She stated that she has been in business at her present site since 1932 and the greatest problem to contend with in her line at the present time is to get the merchandise to sell. She discussed the various types of shoes and stated that while most men's shoes come from Massachusetts, the women's shoes come largely from the Middle West. She said that the largest present demand is for moccasins and saddle shoes but "due to the fact that no good leather is available now, buckskins, gabardines and lizards will make up the spring stock."

The drawing for the monthly gift was won by Mrs. Fred Faber. Due to the Columbia Concert Association's presentation here on March 12, the next business meeting of the club will be held March 11.
